Declaration of Conformity for stainless steel products

Liewood A/S, Strandlodsvej 42A St. 2300 Copenhagen S, VAT no. DK36971509, hereby declares that the products in stainless steel, which are specially marketed for contact with food, comply with applicable legislation on materials and objects intended for contact with food.

Declaration basis:

The products have been tested in accordance with EU Regulation 10/2011 Annex I and extensions, Regulation 1935/2004 for specific migration of Formaldehyde and Melamine and LFGB 09/2005 (Lebensmittel- and Futtermittelgesetz-buch) section 30 and 31 with amendments for Pentachlorophenol (PCP) so that, under normal or foreseeable conditions of use, they do not release ingredients into foods that can:

- Provide a danger to human health
- Cause an unacceptable change in food composition
- Cause deterioration of food organoleptic properties

The products have been tested for the following substances with a specific migration limit:

- CAS no. 84-74-2, 85-68-7, 117-81-7, 28553-12-0 and 26761-40-0

The products are also tested sensorial (smell and taste).

The products in question are:

LW12357 Anchor water bottle (stainless steel 350 ml, 1 sports lid in PP/PS/silicone, 1 lid in stainless steel)

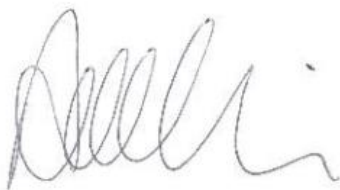

LW12646 Kikki thermo cup (stainless steel 350 ml, 1 lid in PP/silicone)

LW12746 Estella water bottle (stainless steel 350 ml, 1 lid in PP/silicone)

Please note that:

- The products can not be placed in an oven, microwave or on a hot plate
- The products can not be washed in a dishwasher
- The products must be washed by hand with soapy water and bottle brush
- Steel lid can be washed in dishwasher
- Sport cover/drinking nozzle cannot be washed in dishwasher but must be washed with brush in warm soapy water
- The products have a double-sided wall and a suction capability that allows the bottle to hold beverages: cold for 24 hours/heat for 12 hours
- The print on the bottle is water based and the lead content complies with EU restrictions
- No forms of acid-based liquids or soft drinks should come in contact with the sports lid
- The sports lid on the water bottle must not be used for more than 12 hours if the water bottle contains hot/boiling water, frozen liquid or any kind of ice

Yours sincerely

Anne Marie Lie Nielsen, Owner/CEO
